## **About the “Living Legacy” Program**

*Acts of Prevention* from the National Council on Alcoholism and Drug Dependency (NCADD) of Middlesex County, Inc. is proud to present performances that are based on the lives and war time experiences of area veterans. Veterans were interviewed and monologues were written by Carteret high school students and assembled into scripts. *Acts of Prevention* mentors helped to transpose the veterans’ stories into monologues and from there into an ensemble performance piece. *Acts of Prevention* mentors were instrumental in character development, support, experience and original script development.
